BUILD

DISCOVER PURPOSE. BUILD SKILLS. LAUNCH YOUR FUTURE.

K–12 & Student-Athlete Partnerships

Career exploration. Life skills. Real-world readiness.

© 2026 LINK Lake Norman, LLC

A school partnership built around students

Students practice real-world readiness

Communication they can use.

Career interests they can explain.

A next step they can act on.

Your school shapes the scope

Ages, timetable, staffing,

and student goals.

Six stages. One connected experience.

01

DISCOVER

Strengths and interests

02

DEVELOP

Communication and life skills

03

EXPLORE

Careers and pathways

04

CONNECT

Professionals and mentors

05

EXPERIENCE

Projects and workplace learning

06

LAUNCH

Portfolio and next-step plan

A pathway for each age

Elementary

Career curiosity

Creative activities, stories, and community roles.

Middle school

Interests & teamwork

Collaboration, research, and short presentations.

Grades 9–10

Career options

Strengths, communication, and pathway planning.

Grades 10–12

Next-step readiness

Etiquette, experience preparation, interviews, and portfolios.

Beyond the jersey

Leadership students can explain

Respond to feedback and manage conflict.

Communicate under pressure.

Practice media interviews and introductions.

Explore identity and careers beyond sport.

Build budgeting and transition skills.

STUDENT-ATHLETE PATHWAY

© 2026 LINK Lake Norman, LLC

A session built for practice

Sample 50-minute class

5 min	Connect to prior learning
10 min	Model the skill
20 min	Practice the task
10 min	Feedback and retry
5 min	Reflection and next action

A real-world conversation

Explain a missed commitment. Practice the message, receive feedback, and try again.

© 2026 LINK Lake Norman, LLC

Career exploration students can show

Research and try the role

Investigate daily tasks and entry routes.

Prepare questions for a professional.

Try an age-appropriate task or project.

Make learning visible

A career brief.

A reflection on fit.

A next step in the Student Passport.

© 2026 LINK Lake Norman, LLC

The format follows your goals

Half day

One priority skill, career activity, and action plan.

Full day

Practice rounds, career work, feedback, and share-out.

Two days

Deeper practice, a project, portfolio work, and reflection.

Private cohort

Recurring sessions with progressive student work and agreed experiences.

Three ways to deliver BUILD6™

School-led

Licensed curriculum and trained school facilitators.

BUILD6 provides agreed materials, preparation, and support.

BUILD6-led

BUILD6 facilitates the agreed sessions.

The school coordinates participants and school requirements.

Hybrid

School instruction plus BUILD6 workshops.

Agreed speakers and experiences extend classroom learning.

© 2026 LINK Lake Norman, LLC

Tools for students and facilitators

Student experience

Student Passport and reflections.

Assessments and portfolio artifacts.

Career exploration and opportunities.

School support

Facilitator resources.

Attendance and completion tracking.

Agreed progress summaries.

© 2026 LINK Lake Norman, LLC

Progress schools can review

Evidence of skill practice

01 Baseline readiness reflection

02 Scored communication task

03 Career and portfolio work

04 Individual next-step plan

A simple review cycle

Agree on a small rubric.

Review student work.

Compare baseline and final artifacts.

Share an aggregate summary.

© 2026 LINK Lake Norman, LLC

A clear partnership on both sides

The school coordinates

Student selection and timetable.

School contact and supervision.

Consent and accessibility needs.

Guest and experience approvals.

BUILD6 coordinates

Curriculum and materials.

Facilitation or facilitator training.

Speakers and experiences.

Agreed student progress reporting.

© 2026 LINK Lake Norman, LLC

Completion and the pathway to credit

BUILD6 completion

Proposed recognition documents participation and required student work.

The agreement defines hours, evidence, and completion criteria.

Credit & external credentials

School credit requires the applicable school approval.

Standards alignment and external certification need separate review and documented approval.

This proposal does not claim existing accreditation, approved credit, or external certification.

A manageable first partnership

Before delivery

Choose the audience and outcome.

Select the format and staffing.

Agree on scope, cost, permissions, and completion evidence.

After delivery

Review student work together.

Decide whether to extend or adapt.

© 2026 LINK Lake Norman, LLC

Your school. A customized scope.

Scope & investment

Audience and cohort size.

Schedule and delivery model.

Materials and portal modules.

Experiences, fees, and support.

Licensing & ownership

The agreement defines permitted use.

LINK Lake Norman, LLC retains its pre-existing curriculum, artwork, assessments, methods, and software.

BUILD WHAT'S NEXT.

Let's build your school's pathway.

Which students would benefit most?

What should they be able to do?
